What I focus on

- Responsive UI + clean layouts
- User centered design decisions
- Practical systems & documentation

ABOUT ME

A creative thinker who loves turning ideas into usable products.

I'm a B.A. IT undergraduate at the University of Sri Jayewardenepura. I enjoy working across UI/UX and web development planning user flows, designing wireframes, and building responsive interfaces.

Education

- **B.A. in Information Technology (B.A. IT)** Expected 2026
University of Sri Jayewardenepura
- **G.C.E. Advanced Level (Arts)** 2020
Results: 2As, 1B • District Rank: 2nd

Volunteer & Activities

- Student volunteer at "SMASHES 2025" badminton tournament.
- Rotaract Club member (Editorial team): content creation, documentation & communication for events.
- Freelance design tasks using Canva and Figma for student events.

Strengths

Strong communication, creative thinking, and good time management especially when coordinating tasks with tools like Trello and Google Workspace.

SKILLS

Tools & skills I use to design, build, and deliver.

A mix of web development, UI tools, and productivity systems for organized project execution.

Personal Skills

- Strong communication & interpersonal skills
- Creative and open minded approach

- Time management & organization

What you can expect

Clean UI, organized files, and user friendly layouts. I pay attention to consistency, spacing, and responsiveness across devices.

Responsive layout

Mobile first design

Usability focus

Simple user flows

Documentation

Clear structure

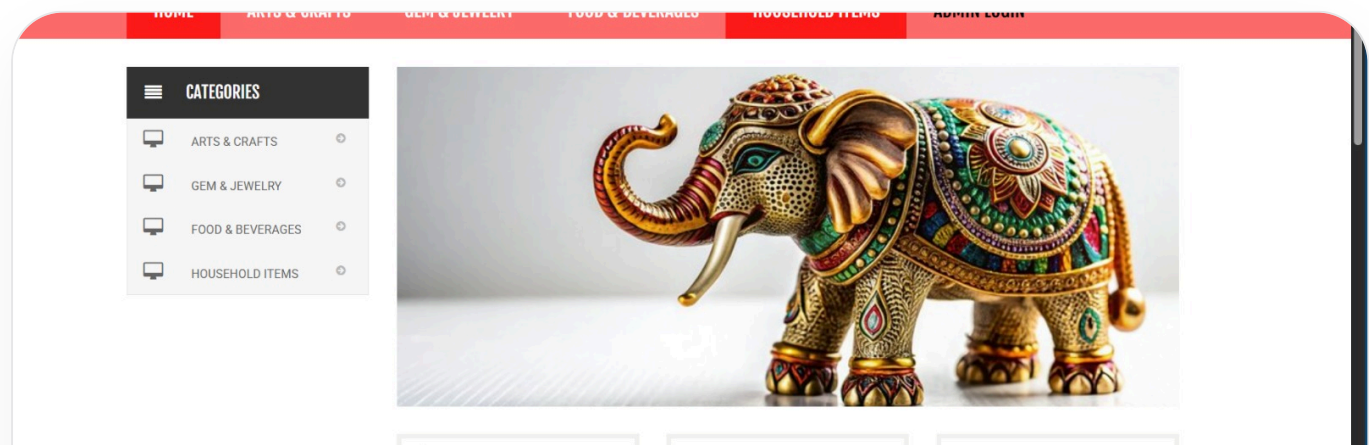

Team friendly

Good communication

Let's Talk

PROJECTS

Selected work & academic projects.

E-Commerce Platform – Shop Lanka

Developer • 2025

Full stack e commerce website for Sri Lankan handmade clothing, crafts, and traditional souvenirs, designed for tourists and local customers.

- UI/UX wireframes in Figma
- Front-end: HTML, CSS, JavaScript
- Backend: PHP / NodeJS
- User research via surveys & interviews
- Usability, categorization & responsive design

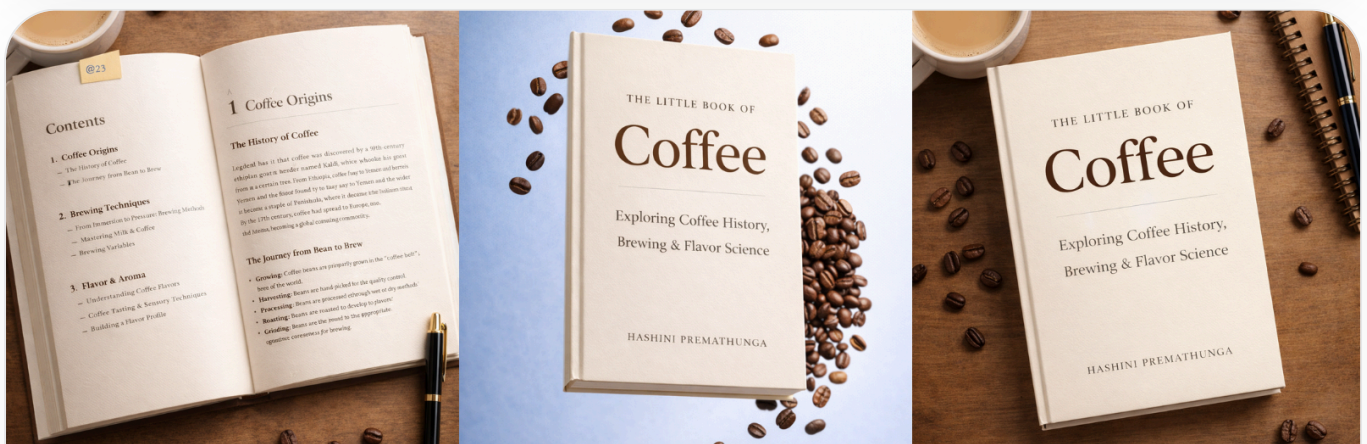

Crafty Creation – Artisan Marketplace App Concept

Project Lead • 2024

Business and system concept for a digital platform connecting local artisans with retailers and customers.

- Market research & competitor analysis
- Designed wireframes & user flow
- Defined revenue model & target audience
- Created presentation & business proposal

The Little Book of Coffee – Academic Book Project

Content Developer • 2024

Structured educational book exploring coffee history, brewing techniques, and flavor science.

- Research on coffee origins & processing
- Built a 60 page structured content outline
- Wrote chapters on brewing, flavors & milk management

Internship – Administrative Intern

Intern • 2024

Hands on experience in administrative operations and business process coordination.

- Managed documentation and record keeping
- Assisted in reporting and internal communication
- Supported workflow improvements

EXPERIENCE

Activities that built teamwork & professionalism.

I'm comfortable collaborating, documenting work, and communicating clearly with stakeholders.

Rotaract Club (Editorial Team)

University of Sri Jayewardenepura

- Content creation, documentation, and communication for events.
- Contributed to club projects and team collaboration.

SMASHES 2025 (Student Volunteer)

Badminton Tournament

- Supported event coordination and on-ground teamwork.
- Helped ensure smooth operations for participants and organizers.
